Preach in English.
Be heard in Spanish.

Every sermon translated into Spanish in your pastor's own voice and posted to YouTube the same day. Fully automatic.

ENGLISH → ESPAÑOL

What stays the same

- The video, exactly as filmed.
- The full message, uncut.
- Your pastor's tone, energy and pauses.

What's new

- The message, in Spanish.
- In your pastor's own voice.
- A new Spanish video every week.

HOW IT WORKS EACH WEEKEND

1
Pastor preaches.
Your service is recorded, like today.

2
The whole message is translated.

3
Your pastor's voice, in Spanish.
Timed to the original video.

4
Posted the same day.
On the church's YouTube channel.

Your team's weekly to-do list: nothing.

WHY IT MATTERS

44.9 million people in the U.S. speak Spanish at home, about 1 in 7.

18.4 million of them speak English less than “very well.”
